MAINSTREAMING  
INDUSTRY 4.0

**Prioritized sectors:** Chemicals, electronics, food, textiles, leather, furniture, handicrafts.

PCP Egypt will support the achievement of the Sustainable Development Strategy - Egypt Vision 2030. In particular, the PCP will contribute to enhanced economic, social and environmental performance of the manufacturing sector, in line with national priorities, the UN Partnership Development Framework for Egypt and the Sustainable Development Goals.

### FLAGSHIP INITIATIVES:

- ◇◇ Policy paper to support “Egypt’s participation in regional and global value chains” developed jointly by UNIDO, the African Development Bank, the Government of Egypt, and the Federation of Egyptian Industries
- ◇◇ Development of a National Road Map for Inclusive and Sustainable Industrial Development (2020-2024)
